

KENTUCKY EPSCoR

EXPERIMENTAL PROGRAM to STIMULATE CoMPETITIVE RESEARCH

March 23, 2009

Subject: Match Funding for FY2009 DEPSCoR Awards
Re: Broad Agency Announcement No.: W911NF-09-R-0003

Dear :

The Kentucky Statewide EPSCoR Program (KY EPSCoR) has been a committed provider of matching research funds for the Commonwealth's DEPSCoR award proposals.

KY EPSCoR has the full intention of continuing its support of the DOD DEPSCoR award program by providing up to a \$100,000 match for each proposal being submitted in response to the current DEPSCoR solicitation. As in the past, the KY EPSCoR match is contingent upon receiving sufficient funding authority from the State Legislature through the CPE. With the historical success of the EPSCoR program, we believe that funds for this purpose will continue to be made available.

Best wishes as you compete for your DEPSCoR award.

F. Richard Kurzynske, MBA, Ph.D.
Director, Kentucky Statewide EPSCoR Program
